FITS! FITS!!

THE ONLY REMEDY :- HART'S VEGETABLE EX TRACT is an invaluable remedy for Epileptic Fits or Falling Sickness, Convulsions, Spasms, &c. It is well known that from time immemorial, physicians have pronounced Epilepticfits incurable. It has buffled all their skill, and the housted power of all medicine, and consequently thousands have suffered through a "inserable existence, and at last yielded up their lives on the altar of insanity. Physicians of every age have pronounced this disease incurable. The proprietors of the vegetable extract, however, feel no delicacy in preclaring that it can be cured. They would, therefore, respectfully invite physicians, and all others who are interested, to examine the testimony which is here offered. If it is deception, let it be exposed; but if it is true, then in the name of humanity, no longer let it be said that Hart's Vegetable Extract,

For sixteen years, has been tested by many persons who have suffered with this dreadful disease, and in every case where it has had a fair trial, has effected a permanent cure. Col. Denslow, of Yonkers, New York, states that his daughter has been afflicted with fits for more than nine years, and has been cured by the vegetable extract. Mrs. J. Bradley, 115, Orchard street, New York, states that she has been subjects to fits for many years, and has been restored to perfect health, after every other means had failed, by the use of the vegetable

Dr. Charles A. Brown, of Dover, Russell county, Alabama, who is one of the best physicians in the State, says that he has been much benefitted by the use of the vegetable extract, and that he unhesitatingly prescribes it in every case of Epilepsy which comes under his Curtis G. Mayberry, Esq., formerly postmaster at Lime Mills, Crawpast he has been sorely afflicted with fits, and he is now happy to state that by a persevering use of Dr. Hart's Vegetable Extract for a few months, has restored him to sound health, being entirely free from that worst of all diseases.

It will Care! The child of William C. Anderson, North Fourth street, Williamsburgh, aged 20 months, had fits constantly for eight weeks. A consultation of physicians was called, who decided that the case was a hopeless one, and that the child must die. Whist the child was in this dangerous state, Mr. Anderson called at my office, which was in the month of February last, and obtained a bottle of the extract with the accompanying medicines, and administered it to the child, and the result was a perfect restoration of health, which has continued to the

present time. The son of Robert McGee, corner of Sullivan and Prince streets, New York, was severely afflicted with epileptic fits. In this case at so, the physicians held a consultation, and decided that they could do no more, and that nature must effect its own cure, or the boy must die. The vegetable extract was administered to him whitst in a fit, and I was to d by one of the attending physic ans, as well as by Mr. McGee himself, that its effects were almost instant neous. The fit was broken and the boy restered to health. Mr. McGee says, "I shall never again be without the meshcine in my house if I can avoid it, for fear that some of the rest of my children may be attacked in the same way. I consider the medicine invaluable.

Testimony upon Testimony. In reference to the almost miraculous efficacy of this truly wonderful medicine, read the follow letter from Doctor W. L. Monroe, of Guilford, Ohio, one of the most eminent physicians in that place. GUILFORD, OHIO, August 17th, 1846.

Brother laborer in the cause of Humanity : Dear Sir-it is with no small degree of pleasure that I am enabled to announce to you the complete triumph of your invaluable medicine in cases of Epilepsy. I have prescribed it in four instances in this vicimity, and it has been successful in all. Three of the patients, I trust, the faculty are fully acquainted with the real merit of your medicine, the they will close their eyes against prejudice, and lend you a helping hand, I subscribe myself, yours, sincerely, W. L. MONROE, M. D.

To Dr. S. Hart, New York. FITS OF 27 YEARS AND 6 MONTHS CURED BY THE USE OF THIS TRULY WONDERFUL MEDICINE. Read the following remarkable case of the son of William Secore, Esq. of Philadelphia, afflicted with epilertic fits 27 years and 6 months After travelling through England, Scotland, Germany and France, consulting the most emment physicians, and expending for medicine, medical treatment and advice, three thousand dollars, returned with his son to this country, in November last, without receiving any benefit whatever, and was cared by using Hart's Vegetable Fatract. Mr. Wm. Secore's letter to Drs. Ivans & H. rt .- 1 have spent over | prices for cash, by proved Cook and Air Fight Stoves, including Green's Patent, three thousand dollars for medicine and medical attendance. I was advised to take a four to Europe, which I did. I first visited England, I consulted the most eminent physicians there in respect to his case. They examined him and prescribed accordingly. I remained there three months without perceiving any change for the better, which cost me about two hundred and fifty dollars, pocketed by the physiciaus, and the most I received was their common that my son's case was hopeless and positively incurable. I accordingly left England, and travelled through Scotland, Germany and France, and returned home in the month of November last. I saw your advertisement in one of the ... York papers, and concluded to try Hart's Vegetable Extract, seeing your statements and certificates of so many cures, some of twenty and thirty years' standing and I can assure you that I am not sorry I did so, as by the use of Hart's Vegetable Extract alone, he was restored to perfect health. His reason, which was so far gone as to unfit him for business is entirely restored, with the prospect now before him, of life, health and usefulness. He is now 28 years of age, and 27 years and 6 months of this time has been afflicted with this most dreadful of diseases; but thank Goa, he is now enjoying good health. Now, gentlemen, both without works I don't believe in. To say that I shall be ever grateful to you is one thing, and as I here enclose. you one handred dollars, I have no doubt but you will think this another, and quite a different thing. The debt of gratifude I still owe you; but please ac epi this amount as interest on the debt in advanca.

> Opinions of the Press. EPILEPSY - This disease is considered by all to be the most dreadful. that ever afflicted the human race, as its tendency is to insanny, madness and death. With such fearful results as these, who, among its unhappy subjects does not shudder. The most skilful physicians of Europe as well as those of our own country, have pronounced Epdep sy or fulling sickness as it may be termed incurable. We are happy however, to state to our renders that Drs. Ivans & Hart of this city, by long and tedious research, have discovered the primary cause of this dreadful disease, and also its remedy-a remedy which in most cases will in a very short time effect a permanent cure. We speak thus positive, because we have within the last few weeks seen quite a number of persons who have been cored by their remedy; one of which is a man of unquestionable veracity, who stated to us that he had been aftime to time employed the best medical talent to be found, and all to

Yours, very respectfully.

MILLIAM SECORE.

We quote the language used by some that are now under treatment, the West, who understand stove trimming perfectly, and our work and others who have been cared. One says, "I have suffered beyond stoves, for which we have the exclusive agency of the manufacturer. | ing fully restored, as my health of late has much improved." Another who is an eminent lawyer and well known in this city, says, "My son has been afflicted for years with epilepsy, but is now enjoying good health from the Vegetable Extract. Its fame, says he, should and ought to be sounded to the ends of the earth." Another says, "Langange is entirely inadequate to express my gratitude to Messrs. Ivans & Hart for having been the means under the blessing of God, of restoring me to the enjoyment of good health after having been afflicted with epilepsy in its worst forms for a ore than 23 years, and my morning stock, which is far larger and more varied than hereto- and evening o' lations of praise and thanksgiving shall continue to ascend to that God who has afflicted, but to make me whole." We doubt not that the time is not far distant when thousands who are now frembling under the hand of this dreadful disease, and fearing that every attack may prove fatal, will find permanent relief and be restored to new life by using this celebrated medicine, HART'S VEGETAALE EXTRACT - New York True Sun, N.
